SENATOR JOE F. BOSWORTH

"State Senator Joe F. Bosworth, Kentucky's Good Road Advocate, who has secured legislation in the Kentucky Legislature that will make the State pay half the cost of roadbuilding in the Mountains of Kentucky, is a candidate for the Republican Nomination for Congress from the Eleventh District and will make his formal announcement within the next few days."

BRODHEAD.

L. M. Brown, who has a good traveling position, was with his wife here a few days ago. Mrs. J. W. Tate has measles. E. J. Hamm, of New Hope, was with his brother, R. H. Hamm, a few days last week. Mrs. Daisy Hunt of Crab Orchard, attended the commencement exercises here last week and was the guest of Mrs. J. Monte Roberts. A number from Mt. Vernon attended the closing exercises of the Graded School here last Thursday evening. Chint Lear, of Hiatt section, lost a fine stallion a few days ago. Mrs. J. M. Owens is visiting her daughter, Mrs. G. F. Sutton, at Lexington this week. The graduating exercises of last Thursday was the best we ever witnessed. The class, Misses Mary Proctor and Miranda Tate and Bronston Elder, did all that could have been expected, and the address by Dr. H. H. Cherry, of Bowling Green, was fine and the retiring faculty are to be congratulated on securing such a speaker. Mrs. L. B. Hilton, of Stanford, and Mrs. E. J. Ashcraft, of Louisville, were the guests of Mr. and Mrs. J. R. Cass the first of the week. Mrs. Ashcraft is a sister of Mr. Cass. John Crawford said he was in town Monday. Miss Dollie Owens returned from a two weeks' visit to her niece, Mrs. Lula Kelley, at Danville the first of the week. Miss Clyde Watson has a place with the Mt. Vernon Graded School for the coming term. Allen Hiatt, of Quail, was in town Saturday. J. E. Wallin, of Danville was here last week. We understand that the board of trustees of the Graded School have employed as Principal Prof. J. L. Pilkenton, of Elizabethtown. Byron Owens will have the same place as last year, and so far as we are able to learn the other places are not yet filled. Cashier and Mrs. A. M. Hiatt were the guests of her parents, Mr. and Mrs. R. L. Smith Monday. Mrs. L. M. Brown was visiting in Danville the first of the week. There will be an ice cream and pie supper given by the ladies of the Baptist church Saturday evening May 30.

LIVINGSTON.

John Mullins was in Mt. Vernon Tuesday. O. D. Bryant is in Cincinnati, Ohio, for a few days. J. E. Woodall of London and one of the best salesmen on the road was in town Tuesday. Richard Martin of Brodhead, who makes and sells the Famous Brodhead Twist was here Monday. Born to the wife of Robert Mink a fine girl on the 19th. Mr. U. G. Baker of Mt. Vernon, Prince of merchants was in our town Wednesday. R. J. Lemonds is in Louisville for a few days this week. Will McCollum has three cases of Measles in his family. Geo. Rollins the London barber was here Tuesday. Miss Lyda Cook who has been visiting relatives at Mt. Vernon has returned home. Mrs. Nora Jenkins who has been in Paris for a few days has returned home. Mr. J. B. Hayse is working his 21 year on the Livingston section, this is a long time to stay with one job. Chas. C. Davis, Mt. Vernon's druggist was here between trains Sunday. We see from what the Brodhead reporter says that he is having trouble of his own. Some one has been slighted or he has said some thing that he should not have said. My friend who should you worry, we don't see nothing out trouble and satisfaction. Any way with trouble in the lead, but several years ago we decided to give the news just as it happens, let it please or not, of course there are items we fail to get that we would have been glad to report and some times we report things that others think we should have said nothing about but you can please some of the people some of the time but you can't please all the people all the time. We have reported some things in the past and afterwards would meet the parties on the street and they would not speak to us, but we believe this is a great help to the community for they will refrain from doing so again so we are out for the news let it be good or bad. James Owens is very sick at this writing. J. W. Southards who is railroading at Henderson, was here last week to attend the funeral of his brother. Mr. J. M. Oliver who had a paralytic stroke some few days ago is in a very critical condition. J. H. Walton was in Richmond Monday to see the Drs. Gibson. Miss Myrtle Southerland is visiting relatives and friends in Louisville and Lebanon, Ky. this week. Floyd Bryant of Lebanon, Ky. who has been on the extra brakeman list here for the past two weeks has returned home. Atty. John Quinn was in London Monday on business. John Hensley was in Berea Saturday. Joseph Stanley and Henry Brummit went to Berea to join the Sons of Veterans Saturday. Now will some one that is well posted and can foretell the weather please inform us what kind of a winter this is? We have had a dogwood winter, a black berry winter and a whippoorwill storm and we are unable to say what this one is that we are having now. C. H. Rice has purchased a large tract of timber on Rockcastle river and is putting in a saw mill. Miss Mabel Nicely, after a few days' visit with relatives at Mt. Vernon has returned home. T. J. Nicoley of Mt. Vernon was in our town Monday. The Junior hall that is being built here is almost completed. J. W. Terry and W. T. McCullough were in Corbin Saturday to look at a moving picture outfit. Fred Owens the moving picture show man had a large crowd Saturday night, it being his first show of the season. W. H. Cottongim was in Cincinnati Friday. Mrs. G. D. Cook has returned home after a few days' visit with relatives at Mt. Vernon. Mrs. John Mullins is visiting her parents, Mr. and Mrs. T. B. Lair at Rose Hill. Mr. R. G. Moore a progressive farmer of Trace Branch section, was here Saturday. Mr. F. L. Thompson the good natured salesman, was here Saturday and informed us that Mt. Vernon would be blessed with electric lights in a few nights. Well we would be glad to see them in Livingston but we can't say how long this will be but we believe we ought to keep pace with Mt. Vernon. Lets hope that the near future may reward us with this improvement over the lights that we now have. Mrs. Edd Quinn and children of Paris, are visiting her parents Mr. and M. J. B. Hayse. Mr. J. H. Walton who has been quite sick for some time is slowly improving. Livingston base ball team defeated the East Bernstadt boys in a score of 21 to 4. Mr. L. Oliver of Hazel Patch, was here Sunday. Mr. and Mrs. W. G. Nicoley were at Mt. Vernon Saturday. Mrs. C. A. Blanford and daughter, Miss Ella Mae, after a few days' visit with relatives in Louisville have returned home. Mr. and Mrs. J. F. Neighbors spent a few days last week with relatives in Louisville and Lancaster. Harry Orndoff of Louisville, visiting his mother, Mrs. Orndoff of this place. Frank Dees is repairing his property on Main street. Mrs. W. R. Ward is visiting relatives in Illinois and will remain there five or six weeks. J. H. Browning was in Stanford Saturday. H. M. Mink of

Big Hill Jackson County was in our town Sunday. J. B. Jones was at Maywood Saturday visiting his sister, Mrs. F. Dishon. Mr. and Mrs. Boss Witt were in Pineville Saturday. Mr. and Mrs. Roy Cox after visiting Cincinnati and other cities has returned home. Judge H. Witt is very sick at this writing. Later. The Judge is able to be on the streets again.

A party of fishers went up the river the other day in boats fishing and a certain man in the party threw his hook out and the boat drifted on down the stream. The hook hung and the line about a hundred yards long ran off the reel and pulled the reel and pole out of his hand, sinking in the water before he realized what had happened. It is not to be forgotten that he was talking to his best girl at this time. Now, we would not tell his name for anything but parties that were with him will verify this and we believe John ought to be more careful next time. Now, Mr. Ed, we thought that peace had been made between my friend Maud and myself, but after we had loaded our temper down and put away our fighting clothes, they cross swords with us again. We will give them fair warning. We mean to shoot wide open the gate and let loose the dog and our wrath will be like a great storm, for the lightning will flash and shoot its fiery darts to earth, the deep toned thunder will roll across the vaulted sky, the elements will be in wild commotion, the storm spirit will howl in the air. For the past two weeks we have felt very bad, but now that we feel like writing again we propose to carry on our side of the battle, but this time we will not submit to arbitration and we will not accept S. C. Franklin as mediator, for we believe he adds more fuel to the fire, for it was he that beggled G. D. Cook out of a watch and gave it a fictitious name and carried it to Maret, and helped Maret search every hardware catalogue to get names for the different pieces. So, against they have done with me, Mexico will be a garden of peace, strewn with fortifications of surrender, in comparison.

LEVEL GREEN.

The farmers in general are getting along nicely with their work. Most of them are done planting corn. O. H. DeBord and sister, Kate, attended the burial of little Lucile Miceley, at Mt. Vernon, last Saturday. Miss Kate Price took the teachers' examination at Stanford, last Friday and Saturday. She will visit relations at Kings Mountain before returning home. Rev. J. G. Soward filled his regular appointment at Friendship last Saturday and Sunday. He preached a very interesting sermon on Sunday. He was accompanied down here by his daughter, Miss Bertha. Eugene McWilliams, of Bee Lick, was down Sunday to see his father-in-law, Wm. H. Brown, who has been very sick. G. E. Price and Sherman Thompson, were in London the first of the week. Mrs. Ruth Brown has been visiting her sister, Mrs. Sarah Herrin, near Quail, for several days. Mr. and Mrs. G. W. Shells are rejoicing over the arrival of a baby boy at their home. Mrs. W. E. Thomas has been very sick for a few days. R. B. Saylor is in Harlan county on business this week. Wade H. Mullins was in Somerset, Monday. J. M. Craig was here the first of the week taking up wool. Mrs. Sallie A. Long of Quail, is spending a few days with her brother, W. F. DeBord. Mrs. D. R. Gentry has been sick for several days but is improving now. W. J. Brown of Crab Orchard, was with his father Tuesday night and Wednesday. There will be singing at Friendship Saturday night and Sunday. Mrs. Martha Owens was called to Mt. Vernon last Friday on account of the death of her little niece Lucile Nicoley. M. B. Jones was in London last week attending court.

Crop Report As Of May First

"After a drouth, a good crop year" is an old saying that is believed by most farmers, in truth there seems to be some scientific basis for this. The first crop report for the year 1914 indicate that this year would be no exception to the rule. Probably never in the history of the State was there a more promising outlook for a "good crop year" than at the beginning of this season.

The wheat acreage of last fall is given at 85 and practically none of this was plowed up this Spring. Ninety-seven per cent of the original sowing was left standing May 1st. The condition of this large acreage is 99. This would indicate an unusually large yield of wheat. The original acreage of rye sown last fall was 85. Rye is used more as a cover crop than wheat, a large per cent of which is plowed up in the Spring for corn or oats. For the last few years rye has proven a more profitable crop than wheat per acre and it is no surprise to find that 82 per cent of the original acreage is left standing May 1st while only 62 per cent of the barley crop is left standing. The amount of barley originally sown 77 and the condition of both rye and barley is given at 98. The corn acreage planned is 91 per cent, while 76 per cent of the plowing intended for corn was done May 1st. Planting is now in full swing with conditions favorable. Deep plowing has been practiced this year more than ever before and favorable weather for the next few weeks will insure a large acreage of corn in a first-class seed bed. The oat acreage planned is given at 89 with 80 per cent of it sown May 1st.

While the dark tobacco crop planned is only at 79, the condition of plant beds is given at 66. The acreage planned of Burley is given at 81 with the condition of plant beds 91. There is some complaint of insects and cut worms injuring the tobacco beds. The pastures are in unusually good condition. The condition of blue grass is given at 93 with every promise of a large crop of blue grass seed. Clover is given at 85, alfalfa at 93, and orchard grass at 92.

Fruits of all kinds have escaped destruction by freezing and the apple, cherry and plum crop is unusually promising. Pears and peaches suffered some from late frost, especially in the central part of the State, however, we will have more than three-fourths of a pear and peach crop. The straw berries are in good condition with promise of a beautiful yield. Ninety-five per cent of a potato crop is planted.

Live stock of all kinds came thru the winter in good condition. It is estimated that 4 per cent of the horses died in the last 12 months, 3 per cent of the mules and 3.7 per cent of the cattle. The loss of sheep is estimated at 6 per cent and lambs at 10 per cent. The greatest loss is from hog cholera and is estimated that 11.3 per cent of the hogs of the State were lost by this disease, some sections of the State being entirely free from this disease, while the loss runs as high as 50 per cent in other sections. This report indicates that there is an unusual amount of attention being paid to live stock. The number of brood mares used is increasing and the number of mules used upon the farm decreasing. It is also worthy of note that a great deal more attention has been paid to alfalfa this Spring than ever before. The amount of ground limestone used upon the clover

It is said that once in Washington at the old Baltimore and Ohio railroad station a man was looking for Abraham Lincoln. An attendant pointed the then little "Tad" out to him, saying that the little boy ought to be able to say where his father was. "Tad" said: "No, sir, I can't go and find father for you. He told me to stay right here. But if you'll go out there," pointing to the platform, "and see a man helping somebody—that's him."

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Came Up in Despair. Husband Came to Rescue.

Langford, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

Dizziness, vertigo, (blind stagger) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by John Robins, Brodhead, Ky.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

H. Clay Gentry is here from St. Louis for a few days.

Charles and Jammie Thompson were in Mareburg Sunday afternoon.

John Lair and Prof. Jesse Fish were in Livingston, Monday until Wednesday.

Mrs. Geo. Brock, of London, was with her daughter, Mrs. W. H. Fish, during the week.

Miss Sallye Reynolds spent the week in Mareburg, the guest of Misses Judith and Lena McCall.

Mrs. S. D. Lewis was hostess yesterday afternoon at a most delightful reception of the Woman's Club.

Mrs. George Brock and little daughter, Mary Lucas, were with Mr. and Mrs. W. H. Fish, during the week.

We are glad to see Will Cummins who has been confined to his room ten weeks with a broken leg able to be out again.

John Fields and a party of Stanford gentlemen will go to Boone's cabin, on Rockcastle River today for a fishing trip.

Mr. and Mrs. C. B. McKenzie have the sympathy of all, in the loss of their first born, a boy baby. Mrs. McKenzie is doing very nicely.

Mrs. W. M. Mullins and children left Monday morning for Brentwood, Tenn., where she will join Mr. Mullins and make their future home.

Mr. and Mrs. Walter Miller arrived Thursday night to see Mrs. Miller's mother, Mrs. Alice Tate. Mr. Miller returned to Oklahoma Monday, but Mrs. Miller remained with her mother who is slowly improving.

J. E. Taylor, a son of the late O. P. Taylor, and a Rockcastle boy who is making good in St. Louis was here on business this week. Mr. Taylor is President and general hustler of the Taylor Bros. Churn Mfg. Co. of St. Louis manufacturing the churn which Mr. Taylor patented himself. They are having a nice sale of the churn, which is a good one, in many different states.

Fire which started about 8:30 p.m. last Saturday evening destroyed the residence of W. I. Richards on West Main street. The fire either started from a defective flue or a spark on the roof. When discovered the whole roof was ablaze. Most all the contents on the first floor were saved, but nearly everything on the second floor, including the clothing, went up in the flames. Insurance, \$2,500 on building and \$500 on contents. We understand that Mr. Richards will rebuild, which will be a brick in event he does build.

The play "Better Than Gold" presented at the Graded School chapel last evening by the Ford head Graded school faculty and students was all that was claimed for it and the visitors were given a most cordial welcome in Mt. Vernon. Time and space will not permit full account more than to say that the visitors were satisfied with Mt. Vernon and Mt. Vernon was satisfied with her visitors. The play was one of the very best ever staged in the town by amateurs. The gross receipts was something over \$30.

LOVELL MILLER.—It came somewhat as a surprise when the announcement was made last Monday that Mr. Robert Harry Miller, oldest son of Mr. and Mrs. M. J. Miller, and Miss Margaret Lovell, youngest daughter of Dr. and Mrs. A. G. Lovell were married the evening before. The wedding took place at the home of the bride, with Rev. Geo. Tinsley as officiating clergyman. Only the immediate family witnessed the ceremony. For the present they are with Dr. and Mrs. Lovell until Mr. Miller, who is a splendid druggist, decides where he will locate. We join with the host of friends in extending to these splendid young people our very best wishes.

CARD OF THANKS

To the good people of Mt. Vernon:

The choir, the pall bearers, the donors of the beautiful flowers, Bro. VanWinkle for the kind and consoling remarks at the funeral services. Our friends in general who so sincerely came in the hours of sickness and death of our dear baby Lucille, with kind and sincere offers of sympathy and assistance. To all we tender our sincere thanks.

MR. AND MRS. T. J. NICELEY and family.

On Friday May 15 at 2 o'clock a.m. the sweet spirit of Lucille Niceley took its flight to the God who gave it.

She had been suffering for several months with her head which resulted with an abscess on the brain. Lucille was 4 years 9 months and 13 days old at the time of her death and a lovelier, sweeter form than that of little Lucille never graced an earthly home. She was too bright and sweet to live in this sinful world. The great wise God who knows all things, and who can look out into the future, farther than our mortal eyes can see, saw best to take her home. Yet while you bereaved parents will miss the patter of those little feet, and the songs and prattle of those precious baby lips; just feels that God does all things well and don't think of Lucille as being dead. She has just begun to live, just look up and view her on that happy golden shore, where there is no more death, neither sickness nor trouble, safe in the arms of Jesus and see those pretty eyes, even brighter than they were on earth looking this way and see those little white arms stretched this way and bear those sweet lips saying "come papa, come mamma come on sisters and little brothers, I have just come on to have Jesus prepare a place for you." Let's just say that, on that shining golden shore, by the Grace of God we will when we leave this world of sorrow see and live with sweet Lucille.

MRS. SARAH WALLIN

FOUND DEAD:—An unidentified body was found Wednesday afternoon by George Summers on the Miller farm a mile East of town. Death was caused by another, who used a piece of a fence rail to beat the dead man's head, until the whole back of the head was a perfect jelly. The face was on the ground and by the heavy strokes of the rail the face was buried in the ground and so bruised, that it was beyond recognition. So far nothing has been learned, leading to the identification of the body or any clue as to who the murderer might be. The deceased appeared to be a man 30 or 35 years old, height 5 ft 8 in., and looked to weigh about 150 pounds, broad face, the face was so discolored and bruised that nothing that would aid identification could be seen. The only marks were found on the left side near the arm which looked to be wounds from a gun years ago. He wore a black coat, brown hat, tan trousers and a pair of tan boots No 6 1/2, extra good quality. In his pockets was an L & N switch key No. D27665, but the key was not issued on this division and up to the time of going to press, nothing had been learned as to whom or from what office the key was issued. Because of the mutilated condition the authorities are relying upon clothing principally as the means of identification, which clothing are now in the undertaker's establishment of W. A. Cox. The body was buried on the spot where found which is the highest point of the hill on the Cox place just South of the Big Fill and East of town.

Later:—The key was issued to E. Wells, section foreman at Paris, Ton.

Poultry Keepers Read This

We publish below a communication from Mr. Riekey, State Agent in Poultry Club Work.

Sell, Kill or Confine the "Rooster" Beginning May 23, 1914.

Because roosters are allowed to run with laying hens during warm weather \$15,000,000 worth of eggs are lost the farmers throughout the United States each year; and most of this loss occurs during June, July and August. For this reason raises of poultry are earnestly asked and urged to kill or sell all unmated males or confine them in pens away from the laying hens during the summer. Eggs that are laid by hens not mated are sterile or infertile, and do not decay. The fertilized eggs spoil very quickly when subjected to the influence of heat and if they are left to long in the nests or under broody hens or are left in any very warm place the germ cells begin to develop, the chicks begin to grow. These growing cells may die at any stage of development due to unfavorable conditions.

Whether the embryo dies or not, egg is useless as food and is unfit for market. If the wives of the farmers would once realize how much money they practically lose by allowing the roosters to run with the layers, they would immediately stop the practice. Not one egg more is produced with a male running with a flock of hens than without one, and unless the roosters are valuable as breeders, it is far better to dispose of them at the end of the breeding season and replace them with the younger stock the following spring. If we follow this plan we can always have good, strong, vigorous cockerels (young roosters) for breeders, and at the same time get rid of the cause of non-producers. Let us at least make the most of what we possess.

In order to have concerted action in this matter the Poultry Department of the United States Government has designated the 23rd day of May to be known among poultry raisers as "ROOSTER DAY". Then Kill, Sell or Confine the Rooster.

NOTE: The well known poultry buyers who are members of the Southern Poultry and Egg Shippers Association have agreed to pay a higher price for roosters on that day.

THE POINT IS THIS.

THE KENTUCKY BRED INSURANCE COMPANY

— THE COMMONWEALTH —

Louisville, Ky.

Has this to say to every one that will only read it. That procrastination is the thief of time and would like to cause you to halt from the hustle of business for only thirty minutes and think soberly and seriously and see if you are properly fixed as regards Life Insurance. Don't put it off until it is everlastingly too late, but take it now while there is yet time. Don't think you are not able to take it but think and see if your wife and family are able to do without it. Why not think as did Geo. F. Root, when he wrote that world renowned invitation song? Why do you wait my brother? Then why not attend to this matter at once without further delay? Call on CHAS. C. DAVIS, our local Agent and let him show you our revised insurance plan.

Very truly,
THE COMMONWEALTH LIFE INSURANCE CO.

The Simplified Spelling Bulletin says: "It is not necessary that all spelling shall be uniform. It is idle to expect, and foolish to require, all persons to spell in the same way, so long as there is no definite method of spelling. The prejudice against 'bad spelling' is exaggerated, and in a great part fictitious. With most persons it is simply a withered joke. We do not really mind a little 'bad spelling' on the part of our friends. Even in the best educated circle only a few persons are 'correct spellers' in the professional sense. To make spelling a vital test of culture or learning is mere folly. The printer can make any one a 'correct speller.' A few flirts of his fingers, the types fall into place, and presto! we all spell like a flock of academics."
